

“Thank you Madam Chair for giving me the floor. I refer to the statement made by Greece. As the Greek colleague has already mentioned, the Bulgarian authorities reported that between 15 December 2008 and 14 May 2010 a total of 614 882 Greek anti-personnel mines have been delivered and destroyed in Bulgaria overall. With the findings of the Greek investigation regarding the issue of difference between the Greek and the Bulgarian data relating to the quantity of delivered mines to Bulgaria we consider this case closed. I use this opportunity to thank the Mission of Greece at Geneva for its close cooperation as well as the Co-Chairs and Co-Rapporteurs of the Standing Committee on Stockpile Destruction for their assistance. Thank you Madam Chair”.

Best regards,

Dragomir Zakov
