

⇒ **Regulation on banning production, use, transportation and stockpiling of antipersonnel mines and Cluster Munitions:**

We have developed a regulation in line with the Article 9 of the AP Mine Ban Convention and Action 59 and 61 of the Cartagena Action Plan which prohibits the use, stockpiling, production and transfer of mines and cluster munitions in Afghanistan. This regulation is now in the Ministry of Justice being reviewed by lawyers. Once it is passed of the Ministry of Justice, it will be sent to the Cabinet and then to parliament for their review and approval. We are strongly advocating for this regulation to be passed as soon as possible.
