Notes:

- In keeping with past practice, the programme for the week has been structured to include discussion items on numerous specific topics of interest to the States Parties. Participants, therefore, are encouraged to participate actively in discussions on these specific topics and to refrain from making statements of a general nature.
- The principle of flexibility will be applied with respect to time allocations (e.g., if one Standing Committee meeting used less than its allocated time the subsequent Standing Committee meeting could immediately commence).
- States Parties that are asked to provide updates on implementation are encouraged to provide only new information.
