- Kosovo
- Somaliland
- Ethiopia
- Burundi
- Rwanda
- Iraq
- Sudan
- DR Congo
- Bosnia
basic principle of Dutch funding for Mine Action

projects that have already received grants and obtained good results, will be given priority over new activities.

Dutch Strategy HMA

- clearing mines and UXO
- coordinated strategy in each country
- local capacity-building and training
- Cost-effective: preferably in high risk areas
- Ottawa Convention
- Humanitarian or socio-economic impact
- IMAS and UNMAS guidelines
restrictions

- no funds for research & development
- no commercial companies
- no direct funding of foreign government agencies
- majority of funds through NGO’s;
- Part through UNMAS and UNDP
- limited flexibility

how to apply for funds?

- no new funding for NGO’s until 2008
- National Mine Action Program and UN-agencies (yearly):
  - through the Portfolio of Mine Action Projects
  - by keeping us informed on new developments
