Notes on using the cover page:

1. The cover page can be used as a **complement** to submitting detailed forms adopted at the First and Second Meetings of the States Parties in instances when the information to be provided in some of the forms in an annual report is the same as it would be in past reports. That is, when using the cover page, only forms within which there is new information needs to be submitted.
2. The cover page can be used as a **substitute** for submitting detailed forms adopted at the First and Second Meetings of the States Parties only if all of the information to be provided in an annual report is the same as in past reports.
3. If an indication is made on the cover sheet that the information to be provided with respect to a particular form is **unchanged** in relationship to a previous year's form, the **date of submission** of the previous form should be clearly indicated.

**CONVENTION ON THE PROHIBITION OF THE USE, STOCKPILING, PRODUCTION AND TRANSFER OF
ANTI-PERSONNEL MINES AND ON THEIR DESTRUCTION**

(ONLY FOR THE PURPOSES OF CLARIFICATION)

Form A National implementation measures

Article 7.1 "Each State Party shall report to the Secretary-General ... on:
a) The national implementation measures referred to in Article 9."

Remark: In accordance with Article 9, "Each State Party shall take all appropriate legal, administrative and other measures, including the imposition of penal sanctions, to prevent and suppress any activity prohibited to a State Party under this Convention undertaken by persons or on territory under its jurisdiction or control".

State [Party]: **Japan** reporting for time period from **01/01/2017** to **31/12/2017**

No additional legal, administrative and other measures were taken during the previous calendar year to prevent and suppress any activity prohibited under the Convention. Please see the report submitted in 2003 for information previously provided on these matters.

Form B Stockpiled anti-personnel mines

Article 7. 1

"Each State Party shall report to the Secretary-General ... on:

- b) The total of all stockpiled anti-personnel mines owned or possessed by it, or under its jurisdiction or control, to include a breakdown of the type, quantity and, if possible, lot numbers of each type of anti-personnel mine stockpiled."

State [Party]: **Japan**

reporting for time period from **01/01/2017** to **31/12/2017**

Not applicable.

Form C Location of mined areas

Article 7.1

"Each State Party shall report to the Secretary-General ... on:

- c) To the extent possible, the location of all mined areas that contain, or are suspected to contain, anti-personnel mines under its jurisdiction or control, to include as much detail as possible regarding the type and quantity of each type of anti-personnel mine in each mined area and when they were emplaced."

State [Party]: **Japan**

reporting for time period from **01/01/2017** to **31/12/2017**

Not applicable.

Form D APMs retained or transferred

Article 7.1 "Each State Party shall report to the Secretary-General ... on:
d) The types, quantities and, if possible, lot numbers of all anti-personnel mines retained or transferred for the development of and training in mine detection, mine clearance or mine destruction techniques, or transferred for the purpose of destruction, as well as the institutions authorized by a State Party to retain or transfer anti-personnel mines, in accordance with Article 3"

State [Party]: **Japan** reporting for time period from **01/01/2017** to **31/12/2017**

1a. Compulsory: Retained for development of and training in (*Article 3, para.1*)

Institution authorized by State Party	Type	Quantity	Lot # (if possible)	Supplementary information (# of mines consumed during this reporting period)
Ministry of Defense, Japan	Type 63 Anti-Personnel Mine	165 116	ST-2-3A-K	49 48 consumed
	Type 67 Anti-Personnel Mine	146 95	NS-20-30	51 63 consumed
	Type 80 Anti-Personnel Mine	131 76	CY-10-28	55 63 consumed
	Type 87 Helicopter-carried Scatterable Anti-Personnel Mine Ver. A	191 67 62	NS-61-7 NS-61-8	0 consumed 5 4 consumed
	Type 87 Helicopter-carried Scatterable Anti-Personnel Mine Ver. B	32 38 35	NS-61-7 NS-61-8	0 consumed 3 8 consumed

	Type 87 Helicopter-carried Scatterable Anti-Personnel Mine Ver. C	0 64 51 43 39	NS-61-6 NS-61-7 NS-61-8	0 consumed 13 consumed 4 0 consumed
	Type M3 Anti-Personnel Mine	385 351	KOP-5-31	34 30 consumed
TOTAL		1,262 1,048		

1b. *Voluntary information (Action #54 of Nairobi Action Plan)*

Objectives	Activity / Project	Supplementary information (Description of programs or activities, their objectives and progress, types of mines, time period if and when appropriate...)
Education and training	During the reporting period, Japan used anti-personnel mines for education and training. In 2018 Japan plans to use anti-personnel mines for education and training in mine detection and mine clearance.	“Information on the plans requiring the retention of mines for the development of and training in mine detection, mine clearance, or mine destruction techniques and report on the actual use of retained mines and the results of such use”

NOTE: Each State Party should provide information on plans and future activities if and when appropriate and reserves the right to modify it at any time

Form D (continued)

2. *Compulsory:* Transferred for development of and training in (*Article 3, para.1*)

No anti-personnel mines were transferred during the previous calendar year for permitted purposes.

3. *Compulsory:* Transferred for the purpose of destruction (*Article 3, para.2*)

No anti-personnel mines were transferred during the previous calendar year for permitted purposes.

Form E Status of programs for conversion or de-commissioning of APM production facilities

Article 7.1

"Each State Party shall report to the Secretary-General ... on:

e) The status of programs for the conversion or de-commissioning of anti-personnel mine production facilities."

State [Party]: **Japan**

reporting for time period from **01/01/2017** to **31/12/2017**

Japan has no additional information on the conversion or decommissioning of anti-personnel mine production facilities. Please see the report submitted in 2003 for information previously provided on these matters.

Form F

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

f) The status of programs for the destruction of anti-personnel mines in accordance with Articles 4 and 5, including details of the methods which will be used in destruction, the location of all destruction sites and the applicable safety and environmental standards to be observed."

State [Party]: Japan	reporting for time period from 01/01/2017	to 31/12/2017
-----------------------------	--	----------------------

Not applicable

Form G **APMs destroyed after entry into force**

Article 7.1

"Each State Party shall report to the Secretary-General ... on:

g) The types and quantities of all anti-personnel mines destroyed after the entry into force of this Convention for that State Party, to include a breakdown of the quantity of each type of anti-personnel mine destroyed, in accordance with Articles 4 and 5, respectively, along with, if possible, the lot numbers of each type anti-personnel mine in the case of destruction in accordance with Article 4"

State [Party]:	Japan	reporting for time period from	01/01/2017	to	31/12/2017
----------------	--------------	--------------------------------	-------------------	----	-------------------

- ## 1. Destruction of stockpiled APMs (Article 4)

Japan completed the destruction in 2003. Please see the report submitted in 2004 for information previously provided on this matter.

- ## 2. Destruction of APMs in mined areas (*Article 5*)

Not applicable

Form G (continued)

3. Previously unknown stockpiles of anti-personnel mines discovered and destroyed after the deadlines have passed. (*Action #15 of Nairobi Action Plan*)*

Not applicable

* Pursuant to the decision of the 8MSP, as contained in paragraph 29 of the Final Report of the Meeting, document APLC/MSP.8/2007/6.

Form H Technical characteristics of each type produced/owned or possessed

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

- h) The technical characteristics of each type of anti-personnel mine produced, to the extent known, and those currently owned or possessed by a State Party, giving, where reasonably possible, such categories of information as may facilitate identification and clearance of anti-personnel mines; at a minimum, this information shall include the dimensions, fusing, explosive content, metallic content, colour photographs and other information which may facilitate mine clearance"

State [Party]: **Japan** reporting for time period from **01/01/2017** to **31/12/2017**

1. Technical characteristics of each APM-type produced

Japan has no additional information on the technical characteristics of each produce/owned or possessed. Please see the reports submitted in 1999 and 2004 for information previously provided on these matters.

2. Technical characteristics of each APM-type currently owned or possessed

Japan has no additional information on the technical characteristics of each produce/owned or possessed. Please see the reports submitted in 1999 and 2004 for information previously provided on these matters.

Form I **Measures to provide warning to the population**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:
i) The measures taken to provide an immediate and effective warning to the population in relation to all areas identified under paragraph 2 of Article 5."

Remark: In accordance with Article 5, para.2: "Each State Party shall make every effort to identify all areas under its jurisdiction or control in which anti-personnel mines are known or suspected to be emplaced and shall ensure as soon as possible that all anti-personnel mines in mined areas under its jurisdiction or control are perimeter-marked, monitored and protected by fencing or other means, to ensure the effective exclusion of civilians, until all anti-personnel mines contained therein have been destroyed. The marking shall at least be to the standards set out in the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby-Traps and Other Devices, as amended on 3 May 1996, annexed to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".

State [Party]: **Japan** reporting for time period from **01/01/2017** to **31/12/2017**

[Narrative:]

Not applicable

Form J Other relevant matters

Remark: States Parties may use this form to report voluntarily on other relevant matters, including matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in Article 7. States Parties are encouraged to use this form to report on activities undertaken with respect to Article 6, and in particular to report on assistance provided for the care and rehabilitation, and social and economic reintegration, of mine victims.

State [Party]: **Japan** reporting for time period from **01/04/2017** to **31/03/2018**

International cooperation assistance extended by the Government of Japan from April 1st 2017 to March 31st 2018. (In Japan, the fiscal year begins on April 1st and ends on March 31st.)
