A- National Implementation Measures

We would like to point out here that my country, Iraq, has mentioned in article 7 report that provided 2020 (**The 12th Updated information Report provided in accordance with article 7, paragraph 2 of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction**)

Iraq completed compliance with its obligations under Article 9 of the Convention.

Actions #10 - Oslo Action plan

Iraq pays all assessed contributions annually.

Actions #50 - Oslo Action plan

Regarding action # (50), Iraq was Iraq completed compliance article (9) of convention and presented the sufficient national information, laws and legislations to implement the obligations towards convention at 2020 (**The 12th Updated information Report provided in accordance with article 7, paragraph 2 of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction**)

B-Stockpiled anti-personnel mines:

Actions #14, #15 - Oslo Action plan

According to Article (4) , as well as Actions 14 & 15 – Oslo action plan , The republic of Iraq has no Stockpiled anti-personnel mines, As previously reported, the Republic of Iraq completed the destruction of all stockpiled anti-personnel mines that it owned or possessed or that were under its jurisdiction or control and there are no remaining stockpiled mines.

Iraq completed compliance with its obligations under Article 4 of the Convention.

C- Location of Mined Area and IED

C1-1: Location of Mined Area

C1-1-1 : DIRECTORATE FOR MINE ACTION (DMA)

The table (1) below indicates the newly Mined Areas discovered and recorded in database during the period from (1/1/2023) to (31/12/2023) , These areas were discovered as a result of the non-technical survey(NTS) and technical survey (TS) , total number of mined area size discovered at 2023 = 20,639,964 Sqm .

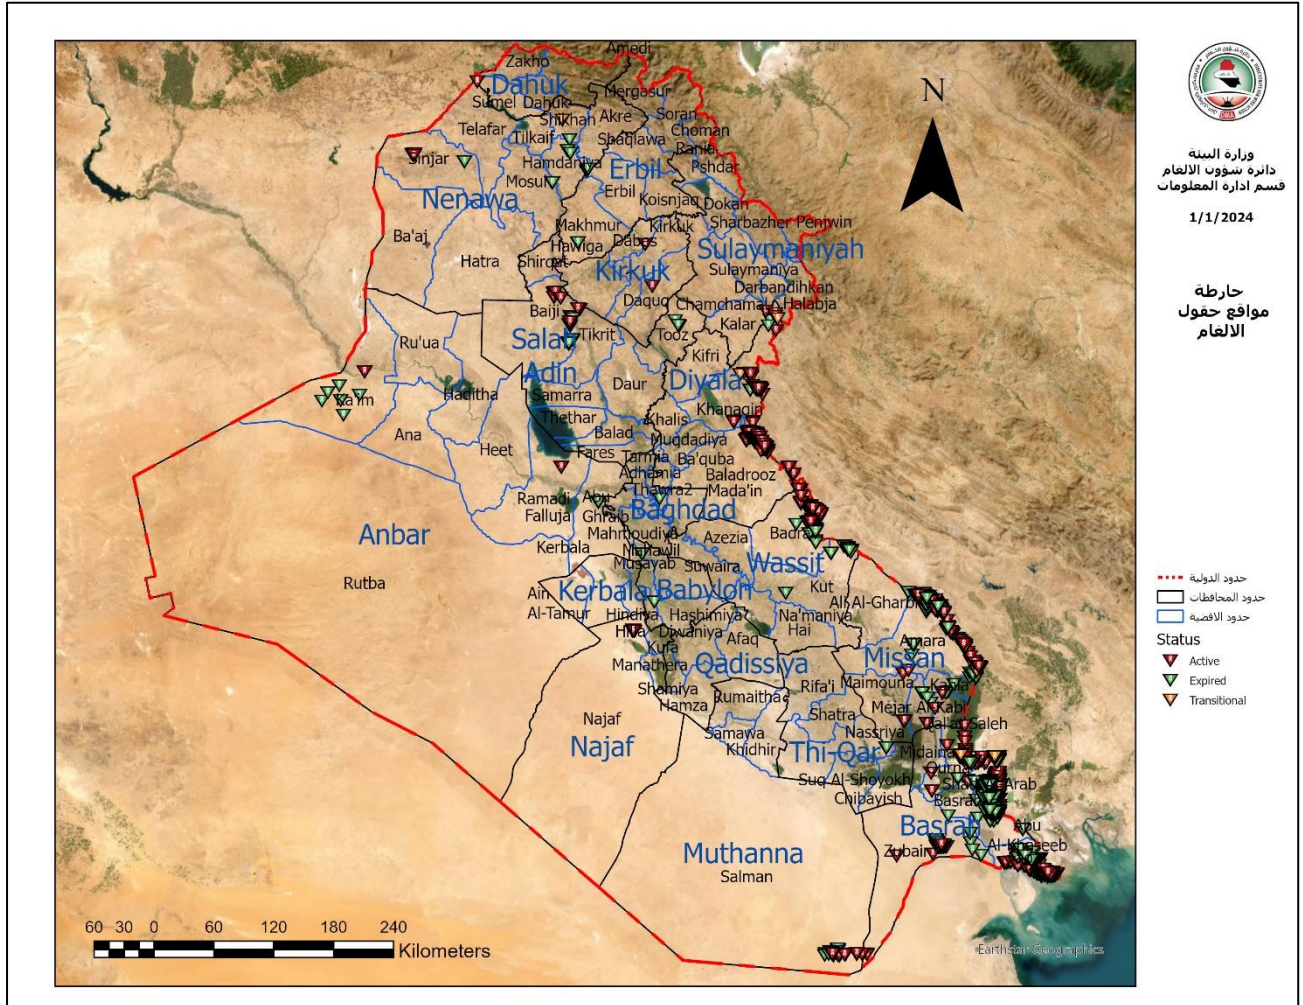

Table 1- (DMA) Locations of mined Area, 1 January-31 December (2023)

No.	Region	Province	District	Sub-District	City/ Community	Hazard ID	Area Size (Sqm)

Note : for more Information See Table 42 Annex (1) -List of (DMA) IEDs Locations

Map 2- (DMA) Recorded IEDs Contamination

C2- Summary of all areas known or Suspected to contain Anti-Personnel mines and IEDs as of 31 December (2022)

C2-1 : Summary of all areas known(CHAs) or Suspected (SHAs) to contain Anti-Personnel Mines

C2-1-1 : DIRECTORATE FOR MINE ACTION (DMA)

As of 31 December 2023, there were (381) areas in (under DMA Authority control) known to contain anti-personnel mines totalling (968,634,846) square metres based on direct evidence and (37) areas suspected to contain anti-personnel mines totalling (17,292,014) square metres based on indirect evidence. See Annex (2) for complete list of these areas. So (418) total Areas known or suspected to contain anti-personnel mines remain with totalling (985,926,860) square metres at 24 districts in (10) provinces of republic of Iraq (under DMA Authority control)as follows:

Table 3- (DMA) Summary of Areas known or Suspected to Contain Anti-Personnel Mines as of 31 December (2023)

Note :

- For More Information See Table 43- Annex (2) - List of DMA areas known or suspected to contain anti-personnel mines as of 31 December (2023)

C2-1-2 : Iraq Kurdistan Mine Action Authority (IKMAA)

As known, the majority of the planted mines in KRI are Anti-person mines and when new areas discovered, it's perfectly normal that the new contaminated areas are APs, as it is the case now. Due to the IKMAA's ongoing PTS in the governorates of Erbil, Slemani and Duhok, the total areas that suspected to contain AP mines are decreased from to **212,814,126** sqm to **208,499,906**, IED is not included as shown in the table below:

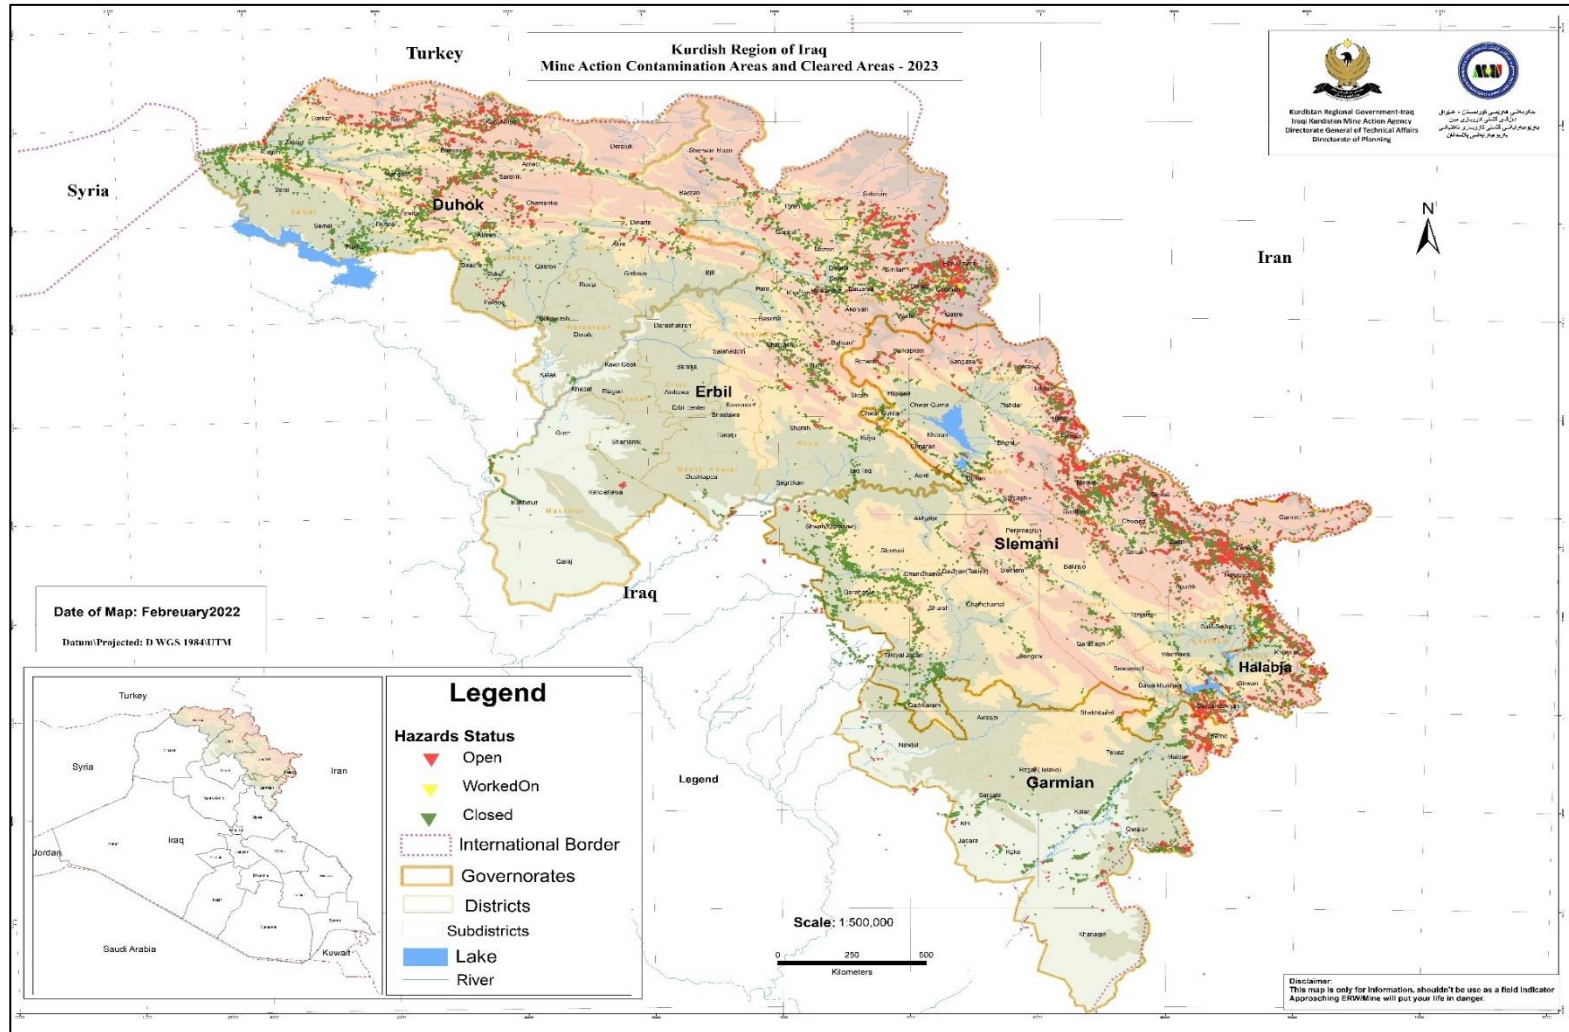

Table 4- (IKMAA) Summary of Areas known or Suspected to Contain Anti-Personnel Mines as of 31 December (2023)

No.	Province	District	Number of areas known to contain anti-personnel mines	Number of areas suspected to contain anti-personnel mines	Total number of areas known or suspected to contain anti-person	Amount of area known to contain anti-personnel mines (Sqm)	Amount of area suspected to contain anti-personnel mines (Sqm)	Total amount of area known or suspected to contain anti-person (Sqm)

Note : For more information, See Table 45- Annex (4) - List of Over all SHA containing AP and Table 46- Annex (5) - List of CHA containing Landmines, AP

Map 3- Locating of Hazard contain AP as of 31 December (2023)

C2-2 : Areas known(CHA) or Suspected(SHA) to contain IEDs

C2-2-1: DIRECTORATE FOR MINE ACTION (DMA).

As of 31 December 2023, there were (1,250) areas in (controlled by DMA Authority) known to contain IEDs totalling (301,813,862) square metres based on direct evidence and (477) areas suspected to contain IEDs totalling (132,193,518) square metres based on indirect evidence.. So (1,727) total Areas known or suspected to contain IEDs remain with totalling (434,007,380) at 26 districts in six provinces of republic of Iraq (controlled by DMA Authority) in below. It is worth noting that the total area of the area contaminated with IEDs increased from last year despite the clearance operations. This is due to new discoveries of areas contaminated with IEDs as a result of the ongoing non-technical surveys, as well as updating the previous non-technical surveys., See **Annex (3)** for complete list of these areas.

Table 5-(DMA) Summaery of areas known or suspected to contain IED as of 31 December (2023)

Note : For More Information See table 44 - Annex (3) - List of areas known or suspected to contain IED as of 31 December (2023)

C2-2-2 : Iraq Kurdistan Mine Action Authority (IKMAA)

The contaminated areas with IED found to be increased comparing to the last year's transparency report number 14. IKMAA has conducted new survey operations in the ISIS liberated areas including areas under the responsibility of KRI and new areas with IED have been recorded. Therefore, the IED contamination turned out and raised from **4,128,086** sqm to **7,269,871** sqm almost doubled.

Table 6- (IKMAA) Summary of areas known or suspected to contain IED

Province	area Type	Count	Area (sqm)
Duhok	CHA	26	3,708,640
	SHA	35	1,796,379
Erbil	CHA	2	1,756,747
Slmeani	CHA	6	8,105
Total		69	7,269,871

Note: for more information see annex (6)

The following IED Area has been cleared for the year 2023, releasing of area **1,442,929 sqm** as shown:

Action 1 - Oslo Action Plan

Regarding Action # 1, as we mentioned before a working group has been formed between the Directorate for Mine Action (DMA) with the Ministry of Planning in order to include and adopt the concept of the mine action program and activities of implementing the Convention in national development plans, poverty reduction strategies, humanitarian response plans, and national strategies for the inclusion of persons with disabilities, as well as the high coordination of the highest levels of government in order to include mine action activities within government priorities.

DMA has strengthened information sharing and coordination with relevant ministries, including the MoP, to further reinforce connections between mine action and broader development and humanitarian agendas, including the Iraq Vision 2030 according to the sustainability development plan. Also, some clearance projects were sent to the Ministry of Planning in order to integrate them with the National Development Plan, after that was sent to the Ministry of Finance in order to be integrated with the national budget.

-Action 2 - Oslo Action Plan

Regarding Action #2 Develop evidence-based, costed and time-bound national strategies and work plans to fulfill and implement Convention obligations as soon as possible.

In August 9, 2023, The Minister of Environment, Engineer Nizar Amidi, as a representative of the Prime Minister and the Head of the Supreme National Committee of Mine Action, announced through an official ceremony, the launch of the national mine action strategy for the years 2023-2028.

His thanks to the Geneva International Center for Humanitarian Demining (GICHD), the German government and all other partners, appreciating their important and active role in the implementation of the national strategy, the national mine action strategy of DMA, revolves around the axes of clearance, victim assistance, awareness activities, and national ownership for the years 2023-2028.

Where DMA and IKMAA has prepared implemented plans in the field of clearing the contaminated areas with economic, developmental, strategic and humanitarian priorities in general.

-Action 19 - Oslo Action Plan

DMA and IKMAA supporting by ISU finished the updating the extension request plan of OTTAWA convention and sent it to ISU and article 5 committee

the representative of ISU, Mr.Gregory, discussed through a workshop held in Basra governorate on the updates of extension request of OTTAWA convention which had been previously approved within the decisions of extension request that had submitted by Iraq in 2017.

that a technical delegation from DMA participated in addition to a representative from IKMAA and representatives from the ministries of planning and financial for the purpose of discussing the third update of extension request plan of OTTAWA treaty , that the presence of Mr.Gregory represented an important technical support in terms of Iraq's submission of extension plan .

DMA annually develops an annual plan based on the reality of contamination recorded in the database and sends it to the Ministry of Planning to include it within the government's national plan and the national development plan as well as it contain sustainable development goals. DMA works to ensure that national development plans are among its priorities, noting that annual plans are based on the strategy plan , also achieve the goals and vision of the iraqi Mine Action Program to clear all Hazard areas that contain explosive ordnance and providing a safe and investmentable to all people.

-Action # 3- Oslo Action Plane (Gender and diversity)

1- Participat head of the Gender Justice Unit in the training program on gender equality (men and women) in mine action that organized by the Geneva International Center for Humanitarian Demining (GICHD) and the Lebanese Mine Action Center (LMAC) at period 10-21/7/2023, held in the Republic of Lebanon.

2- Implementing with EORE teams to conduct awareness campaigns on EO in all governorates to ensure that the population are safe from the dangers EO, as well as ensuring a change to safe behavior in (Thi qar, missan, Babylon , Anbar Ninavah , Najaf, Karbala, Wassit ..etc.)

-Action # 5- Oslo Action Plane

As we mentioned in article 7 report for last year , we update 24 of National standards supporting by UNMAS

In 9/15/2023 delegation from the Department of Mine Action, , participated in the workshop on updating national standards, which was held by the United Nations Mine Action Service (UNMAS) in Erbil.

This workshop, which was attended by representatives of IKMAA, as well as the standards development team in DMA, have extensive discussions to consider the latest standard and technical updates with the aim of including them in the series of approved national standards, which constitutes accurate technical support for activities. And operational activities on the ground

Note : for download through DMA website

(<https://dma.gov.iq/ar-IQ//Attachments/ELibrary>).

-Action # 6- Oslo Action Plan

As we mention before that DMA working to integrate Mine Action activities with sustainability goals 2030 , DMA also works to enhance efforts, create partnerships and integrate with all governmental and non-governmental sectors in order to clear dangerous lands and provide a safe environment as well as are able to development and investment.

-Action # 9 - Oslo Action Plane (Informatio Management)

IKMAA currently relies on IMSMAng Version 6. However, looking ahead, IKMAA is undertaking a substantial initiative to finalize the development of a tailored Information System designed specifically for Mine Action in the Kurdistan Region of Iraq (KRI). This forthcoming Information System is predominantly constructed using Open-source software, including PostgreSQL, PHP, among others, with open-source QGIS software serving as the system's GIS component.

The development of this Open-Source database for Mine Action is a significant endeavor, drawing upon IKMAA's extensive experience and longstanding involvement in the Mine Action process in the region and it has been designed to meet the needs of Mine Action practitioners and other stakeholder, including the active mine action organization in the region, balancing robust functionality with a user-friendly interface. Its aim is to facilitate active and simplified management of Mine Action data, ensuring efficiency and accuracy in decision-making processes.

This project is a long-term process to address the needs of Mine Action efforts, recognizing the extended duration typically associated with such missions, as there are more than 250 Kilometer square still to be cleared in KRI. Furthermore, the endeavor has garnered invaluable support from the iMMAP (Information Management for Mine Action) NGO with generous support of US Department of State Office for Weapons Removal and Abatement (PM/WRA), emphasizing its importance and potential impact.

Through this collaborative effort and strategic investment in cutting-edge technology, IKMAA aims to revolutionize Mine Action Information Management in the KRI. This new system is scheduled to become operational starting April 2024, promising to contribute to a safer and more secure future for the region.

-Action #26 - Oslo Action Plane

1- (DMAs progress in developing national capacity)

In 2023 , Directorate of Mine Action (DMA) by coordinated and cooperation with for all partners (governmentatl or non governmental) sets up a flexible annual training plan in order to developing the capabilities of supervision and implementation teams of governmental and non-governmental organizations and companies (national and international) , as well as in DMA and there many internal training courses . see tables (18 and 19) in below:

Table 17- DMAs progress in developing of national governmental capacity 1 January-31 December (2023)

Course title	Training entity	training place	Count of trainee

-Action # (24)- Oslo Action Plan

Regard to Action # (24) AOP , which includes providing detailed, costed, multi-year plans for risk awareness , we completed prepare awareness plans that covering for the years (2023-2024).

-Action # 28 – Oslo Action plan

Action No. (28) on integrating risk awareness activities into humanitarian and development work, in addition to its role in various surveys and removals, where all operators in the field of awareness were informed of the need for their awareness teams to accompany the survey and removal teams to be a point of contact between the residents of the affected communities and the survey teams, according to standard (12.10), awareness teams also usually asking about any victims of mines and EO in the event of an accident in a area and provide that information to the victims assistance department.

-Action # 29– Oslo Action plan

action No. (29) addresses the issue of developing risk awareness activities in light of the data collected and assessing the needs of the affected population. In this context, our awareness teams usually evaluate the needs by using the forms that are filled out in the field. also, EORE and media department, in cooperation with the UNMAS , has Completing a knowledge survey form through which the needs and extent of communities' need for various awareness programs and activities are extracted, as well as through the data of the Victim Assistance Department through the victim's name, which shows us detailed information about the victim, in addition to the information available from the Operations and Quality Control Department regarding the type of pollution . This information provides us with a database based on which the needs are evaluated in the work of various awareness programs, as coordination was made with the Ministry of Education / General Directorate of Curricula to introduce the awareness message into all school curricula, as well as coordination with the Ministry of Interior / Community Police Directorate to monitor dangerous behaviors through communication platforms. Social media, access to promoters of dangerous behavior content, and guidance to create content that promotes safe behavior from the dangers of mines and EO.

Also IKMAA- The Directorate of Explosive Ordnance Risk Education and Victim Assistance conducted a comprehensive research survey on killed and disabled individuals working in the field of mine action program in KRI. The findings of this survey were compiled and printed in a handbook, which has been subsequently distributed among relevant stakeholders in the Victim Assistance (VA) domain.

-Action # 30 – Oslo Action Plan

(DMA) through the Awareness and Media department and Victim Assistance department, carries out intensive awareness campaigns depends on number of injuries and unfortunate accidents after conducting an analysis and evaluation of these incorrect behaviors in dealing with risks, as priority is given to the targeted areas for awareness through the rate of injuries in them as well as their proximity to hazard areas of mines and explosive ordnance as well as targeting the most vulnerable groups through the activities that are practiced in their lives and that put them at risk because of their lack of awareness of the risk or as a result of the wrong behavior that they are behaving.

Action # 31 – Oslo Action Plan

Regarding to Action No. (31) issue of building awareness capacities. In this regard, our department, through the Awareness and Information Department, has adopted the holding of awareness seminars on the dangers of mines and war remnants for institutional bodies to strengthen partnerships with them to adopt awareness activities through the staff of those institutions, we worked with (Ministry of Interior / Directorate of Community Police, Ministry of Culture / Department of Cultural Palaces, Ministry of Oil / Central Oil Company, Ministry of Education / Directorate of Sports and School Activities.

- Action # 32- Oslo Action Plan

According to article 7 , DMA submits detailed reports explaining the methodologies used in EORE , the challenges posed, and the results achieved, with information disaggregated by gender and age. These intensive EORE campaigns for the teams of the Directorate of mine action (DMA) is the optimization of dealing with the dangers of explosive ordnance and the growth of safe behaviors in the affected communities, by this way enhances the mine action as well as cooperation of the local population with the clearance teams .

I-1-2: Iraq Kurdistan Mine Action Authority (IKMAA)

At 2023, the number of EO victims are still a lot and needed further attention. IKMAA trained Community Safety Wardens (CSW) to deliver lifesaving messages and instructions to the people of their villages and areas. In fact, these CSWs were able to warn the people of their villagers and fortunately, this move has had a great positive impact on the villagers of their area so that no more accidents were recorded. On the other hand, IKMAA through its website & Facebook page, social media and media channels disseminated EORE messages and instructions in order to provide its warning messages to the social media users.

- 1- Director of Explosive Ordnance Risk Education conducted three Capacity Development workshops for the EORE staff of IKMAA, MAG, and SOS organizations. These workshops focused on the importance of effective communication and body language.

- 2- Through heightened efforts and the implementation of diverse outreach strategies, the EORE teams dramatically increased the number of beneficiaries, resulting in a twofold increase in the number of the beneficiaries served. These efforts aimed to maximize the impact of their work in the field of mine action.

I-2: Marking

I-2-1: DIRECTORATE FOR MINE ACTION AUTHORITY (DMA)

On 7 July , 2023, the International Committee of the Red Cross (ICRC) provided the Civil Defense Directorate with 100 warning signs, against the backdrop of cooperation between the partners, by coordination with DMA / Awareness and Media Department for ICRC in this regard.

It is noteworthy that the Civil Defense Directorate is one of the most important national partners within the national mine action program in Iraq.

J- Other Relevant Matters:

J-1: Victim Assistance

J-1-1: DIRECTORATE FOR MINE ACTION (DMA)

In spite of the big efforts to change of high risk behaviour, women, girls, boys and men still fall as victims of mines and explosive ordnance in Iraq, at 2023 there are 12 persons who were killed and 20 persons are injured in the areas DMA authority. See table (36) below.

Table 36- (DMA) Number of individuals killed or injured by anti-personnel mines, 1 January – 31 December 2023.

The Victim Assistance Requirements according to the Oslo Action Plan of Ottawa Convention

-Action # 33 - Oslo Action Plan

As we mentioned in last article 7 reports, There is a government entity formed according to Law (38) of 2013, which is the Authority for the Care of People with Disabilities and the special needs affiliated to MOLSA, which responsibility up of general policies for people with disabilities and special needs in Iraq.

Where the Board of Directors of the Authority consists of:

- 1- The Chairman of the Authority
- 2- The two vice-presidents of the Authority
- 3- A representative of the General Secretariat of the Council of Ministers
- 4- A representative of the following ministries and agencies:
 - 1- The Ministry of Finance
 - 2- The Ministry of Defense
 - 3- The Ministry of Commerce
 - 4- Ministry of Justice
 - 5- Ministry of Interior
 - 6- Ministry of Work and social
 - 7- Ministry of Education
 - 8- Ministry of Health
 - 9- Ministry of Housing and Construction
 - 10- Ministry of Higher Education and Scientific Research
 - 11- Ministry of Planning
 - 12- Ministry of Youth and Sports
 - 13- The Human Rights Commission
 - 14- A representative of the Kurdistan Regional Government
 - 15- Seven members with disabilities and special needs
 - 16- Two doctors who specialize in the disabled.

The board of directors of this Authority assumes the following tasks:

- 1- policy making and approving the general policy of the Authority's work in caring for people with disabilities and special needs, rehabilitating them, and following up the implementation procedures.
- 2- Supervising and following up on providing the requirements of people with disabilities and special needs in all fields, in coordination with the relevant competent Authority.
- 3- suggesting an employment policy for people with disabilities and special needs through preparing programs and describing jobs that can be filled by them.
- 4- Developing plans for training and preparing research.
- 5- the comprehensive national awareness to prevent the occurrence of disability, reduce its severity and prevent its exacerbation.
- 6- Submitting semi-annual reports to the Council of Ministers on the Authority 's activities.
- 7- Monitoring and following up the implementation of the decisions of the Board of Directors of the Commission.

-Action # 34- Oslo Action Plan

We mentioned before ,There are efforts made by the government entity represented by the The Authority for the Care of People with Disabilities and the special needs through the implementation of the paragraphs and articles of Law No. (38) of 2013, as this law aims to achieve the following:

- 1- Caring for people with disabilities and special needs and eliminating discrimination due to disability or special need.
- 2- Preparing the requirements for integrating people with disabilities and special needs into society.
- 3- Ensuring a good life for people with disabilities and special needs.
- 4- Respecting disability and accepting disability as part of human diversity and human nature
- 5- Creating job opportunities for people with disabilities and special needs in state departments and the public, mixed and private sectors.

Where this law guarantees the legal frameworks related to disability, health, education and other rights in line with the relevant provisions of the Convention on the Rights of Persons with Disabilities and Special Needs.

-Action # 35 - Oslo Action Plan

DMA have strength database that includes information about the Victims (Killed and Injured) caused by mines and EO , through field surveys and follow-up of emergency injuries depending on the sources of data collection and save all information in IMSMA Data base in DMA ,

but the Directorate of Mine Action (DMA) seeking to unify the available database with all relevant authorities.

Where the some meetings was held with the partners and ministries concerned with providing services to unify the database in the headquarters of National Data Center Department , was decided in the meeting the Ministries of (Planning , Health , MOD and MOI) providing the National Data Center Department provide the data according to the electronic form after classifying them according to the designations of the Ministry of MOLSA / Authority for the Care of People with Disabilities and the special needs

-Action # 36 - Oslo Action Plan

First aid is provided effectively and efficiently to the victims by all emergency wards in government hospitals close to the affected communities, in addition to providing continuous medical care by medical rehabilitation hospitals, rehabilitation centers, prosthetic limb manufacturing centers, and supports for the victims after they have gained of complete recovery and providing them with the medical aid they need according to his condition.

-Action # 37 - Oslo Action Plan

A guide to emergency medical services was prepared and printed by cooperation between DMA and Operations and Emergency Medical Services/Department of Rehabilitation and Prevention of Disability for all disabled victims of mines and war remnants, and between our department and with support from the International Organization for Disability (HI) to facilitate access for all victims to the required services. It is a service guide. A guideline for victims of mines and war remnants. This draft was prepared by the Ministry of Health/Department of Rehabilitation and Disability Prevention to refer the injured after they have achieved the degree of complete recovery to rehabilitation centers or prosthetic limb centers or to refer them to the services they need. It also includes training centers affiliated with the Ministry of Labor and Social Affairs so that The victim has access to it after gaining full recovery for the purpose of their occupational integration.

-Action # 38- Oslo Action Plan

- There are serious steps by the Ministry of Health / Directorate of Operations and Emergency Medical Services / Department of Rehabilitation and Prevention of Disability in the process of activating the role of community rehabilitation, which ensures that services of all kinds reach victims in remote or remote areas and provide all their needs, as a joint committee was formed by the above directorate. It included (a representative of public health - a physical therapist - a prosthetic limb technician - a representative of the Disability Care Authority). The first phase began in Baghdad Governorate on both the Karkh and Rusafa sides, where a rehabilitation center was chosen on the Rusafa side as a first phase according to the financial budget, taking it upon itself to provide The above-mentioned services are through field visits to victims in their places of residence, and it is scheduled to be launched at the beginning of March 2024.

-Action # 39 - Oslo Action Plan

There is a governmental body that draws up general policies for people with disabilities and special needs in Iraq, including victims of mines, through the implementation of the articles of Law (38) of 2013, which guarantees the provision of treatment and rehabilitation services, education, capacity building, business development services, and economic and social inclusion, according to the available capabilities.

-Action # 40- Oslo Action Plan

- all the Relevant ministries, there is a plans to provide for the needs of victims in general, and it is integrated into policies and frameworks and to ensure the provision of services (health - education development) according to available capabilities.
 - At 2 August , 2023. DMA by cooperation with the Commission of persons with disabilities and special needs and the rest of the national and international partners by supporting by European Union through ISU , a specialized technical workshop for two consecutive days in Baghdad, to preparation a draft of national strategic plan for disability for the years 2024-2027 by making a national dialogue.
- DMA gives the file of victim assistance, the highest priority.

-Action # 41- Oslo Action Plan

There is a governmental body called the Authority for the Care of Persons with Disabilities and Special Needs. One of its tasks is make a general policies for this segment throughout Iraq, as there is a board of directors that includes all representatives of service ministries and representatives of the seven disabilities (visual, auditory, kinesthetic, short stature, deaf and dumb,) and those who are able to assist in decisions-making. , all of these disabilities are participants in the meetings of the Board of Directors of the Authority for Persons with Disabilities and Special Needs and are able to take the appropriate decision that is in the interest of this segment in general, including victims of mines and their participation mainly in the development of relevant laws, policies and programs.

J-1-2: Iraq Kurdistan Mine Action Authority (IKMAA)

Again, because of the shortages in the financial support in 2023, IKMAA EORE team activities to warn communities were reduced and limited. Unfortunately, teams were unable to adequately visit villages and communities polluted with EO, and this was the main cause behind keeping the accidents at the indicated level. In 2023 the number of victims reached to 24 as shown the following table, most of whom were shepherds, herb collectors.

Despite the EO accidents in the Kurdistan Region, especially in the areas where highly contaminated, the Prosthetic and Rehabilitation Centers which are assigned for providing services to the victims, they don't have the necessary equipment to provide services to the victims, in result, EO victims in Erbil and Duhok are obliged to visit the ICRC center in Erbil, this lay a high financial cost on the victims.

J-2 Cooperation and Assistance

- Action # 42- Oslo Action Plan

DMA in progress to provide financial and non-financial commitments from government budget in accordance with the general financial policy, as well as we working is underway to explore all sources of alternative and innovative funding by coordination with the National Investment Commission to clear lands contaminated with anti-personnel mines in order to using the lands in the different investment activities .

- Republic of Iraq Signing of a cooperation document with the Republic of South Korea, signed on behalf of the Iraqi government by His Excellency the Minister of Environment, Engineer Nizar Aamidi, and signed on the Korean side by His Excellency the Korean Ambassador. This agreement provides for securing Iraq's requirements in terms of equipping it with the latest clearance equipment of mine.

- The Kurdistan Regional Government-IRAQ (KRG) understands the extend of the remained landmine contamination in Kurdistan region and it realize the negative impacts that the landmine causes, from this pint of view, KRG/ Council of Ministers thankfully has approved in the end of 2023 the rent of (48) 4x4 vehicles annually to re-deploy (24) Mine Clearance Teams (MCT), nearly %70 of IKMAA’s demining teams capacity to work in minefields again.
- In 19-Dec 2023, a Memorandum of Understanding (MoU) on cooperation in the field of Explosive Ordnance Risk Education was signed between both Iraqi Kurdistan Mine Action Agency (IKMAA) and the International Committee of the Red Cross (ICRC) in Erbil to support the activities of the Explosive Ordnance Risk Education directorate in the Iraqi Kurdistan region of Iraq.

1. IKMAA granted accreditation to the ICRC Prosthetic Rehabilitation Center in recognition of its exceptional work. This accreditation serves as a prestigious endorsement of the center's commitment to providing high-quality prosthetic rehabilitation services. It signifies that the center has met the rigorous standards set forth by IKMAA in areas such as EO victims care, treatment effectiveness, staff qualifications, and facility infrastructure. The accreditation from IKMAA reinforces the center's reputation as a trusted and reliable institution in the field of prosthetic rehabilitation, further enhancing its credibility among patients, healthcare professionals, and the broader community.

2. Based on the MoU signed between IKMAA and ITF on July 6, 2022, thankfully, ITF continued to support IKMAA throughout the year of 2023 in vehicle rental to deploy the clearance teams in provinces of (Slemani, Duhok, and Erbil) of KRI. This concerted effort has resulted in the successful restoration of these areas, transforming them into valuable and productive land. The removal of such impediments not only enhances the overall safety of the region but also plays a crucial role in saving the lives of countless civilians who rely on these areas for their livelihoods and sustenance. The positive impact extends beyond mere clearance; it fosters a renewed sense of security, allowing communities to thrive and utilize these once-blocked spaces for various essential activities, thus contributing to the well-being and prosperity of the local population.

-Action # 43- Oslo Action Plan

- Iraq submitted the thierd updated plan for a period of two years (2024-2025) as a opligations of the extension request, The plan includes resource mobilization and publication on challenges and needs related to assistance.
- On 09 Aug 2023, DMA with IKMAA (a high- level delegation from Iraqi Kurdistan Mine Action Agency (IKMAA)) participated in the launch ceremony of the National Mine Action Strategy of the republic of Iraq 2023 – 2028, which was prepared by IKMAA and DMA under the supervision and supporting of GICHD . first time DMA and IKMAA Prepared a unified strategy and looks forward to achieving all its goals accordingly to end the anti-person landmine across Iraq.

Action # 44- Oslo Action Plan

Regarding procedure No. (44), a meeting was held during the year 2023 for the national team (the national forum) in charge to increase of coordination between national authorities and United Nations agencies to coordinate national efforts to implement the obligations of the Republic of Iraq towards the Convention.

- Action # 45- Oslo Action Plan

At 9 JULY 2023 Director General of DMA meets the delegation of the Slovenian agency ITF to Improvement of the Security and humanitarian reality and discusses with them the activation of the contents of the joint memorandum of understanding (MOU).

The Director of the Slovenian Agency for the Improvement of the Security and Humanitarian Reality, Mr. Tomas Lovrnices, and the Agency's Project Implementation Officer, Ms. Catherine Sevikel, and discussed with them ways to activate the joint memorandum of understanding that had already been concluded and signed by both sides.

the delegation was visit to Basra Governorate accompanied by the delegation of DMA in order to update information of The agency delegation, according to the contamination priorities that determined by the work team and the southern regional center (RMAC-S), with the aim of directing the agency's grants towards these priorities and polluted areas.
