Date of Submission: March 2026

Reporting Period : 1st January 2025 to 31st December, 2025

Form A: National implementation measures

Article 7.1 "Each State Party shall report to the Secretary-General on/by: **30th April, 2026**

(a) The national implementation measures referred to in article 9,"

Remark: In accordance with article 9 "Each State Party shall take all appropriate legal, administrative and other measures to implement including the imposition of penal sanctions, to prevent and suppress any activity prohibited to a State Party under this Convention undertaken by persons or on territory under its jurisdiction or control."

State [Party]: **Zambia** reporting for time period from **1st January 2025 to 31st December 2025**

Measures	Supplementary information (e.g., effective date of implementation & text of legislation attached).
Legislation was enacted in 2003 and effected in 2004	Act 16 of 2003, also cited as the Prohibition of Ant-Personnel Landmine Act of 2003

Form B: Stockpiled anti-personnel mines

Article 7. 1 "Each State Party shall report to the Secretary-General ... on: b) The total of all stockpiled anti-personnel mines owned or possessed by it, or under its jurisdiction or control, to include a breakdown of the type, quantity and, if possible, lot numbers of each type of anti-personnel mine stockpiled."

State [Party]: **Zambia** reporting for time period from **1st January to 31st December, 2025**

1. Total of stockpiled Anti-personnel mines

Type	Quantity	Lot # (If possible)	Supplementary information
None			

2. Previous unknown of stockpile of Antipersonnel mines discovered after the deadline has passed (Action #15 of Nairobi Action Plan)

Type	Quantity	Lot # (If possible)	Supplementary information
None			

Form C Location of mined areas

Article 7.1 "Each State Party shall report to the Secretary-General on/by: **30th April** :

c) To the extent possible, the location of all mined areas that contain, or are suspected to contain, anti-personnel mines under its jurisdiction or control, to include as much detail as possible regarding the type and quantity of each type of anti-personnel mine in each mined area and when they were emplaced."

State [Party]: **Zambia** reporting for time period from **1st January 2025 to 31st December, 2025**

1. Areas that contain Mines

Location	Type	Quantity	Date of emplacement	Supplementary Information
NIL				<ul style="list-style-type: none"> • Following Zambia's compliance in 2009, a number of un-exploded ordnance continue being discovered in areas previously cleared. • A nationwide landmine survey, which was undertaken from September, 2008 to August 2009 identified 6 out of 9 Zambia's Provinces as possible suspected areas that contained mines. These were areas previously used extensively by freedom fighters during the liberation of Southern Africa. • The survey determined that though there were no minefields or mined areas, there existed a high possibility of existence of AXO/UXOs and these are now being discovered in areas previously considered to be contaminated with mines.

				<ul style="list-style-type: none"> Zambia is making significant strides in reducing contaminated residuals and threats caused. In the period under review, Zambia did not receive of AXO/UXOs but has continued to intensify Mine Risk awareness sensitizations in all affected communities

Form D APMs retained or transferred

Article 7.1 "Each State Party shall report to the Secretary-General ... on/by: 30th April

d) The types, quantities and, if possible, lot numbers of all anti-personnel mines retained or transferred for the development of and training in mine detection, mine clearance or mine destruction techniques, or transferred for the purpose of destruction, as well as the institutions authorized by a State Party to retain or transfer anti-personnel

State [Party]: Zambia reporting for time period from 1st January 2025 to 31st December, 2025

1 Compulsory: Retained for development of and training of (Article 3 para 1)

Institution Authorized By State	Type	Quantity	Lot # (If possible)	Supplementary Information
Zambia Army	Alpher 120	331	Uknown	These continue to be retained for training by the Defence Forces who are actively engaged in various peacekeeping operations world wide
	AUPS 24	398	Various	
	POMZ 27	16	Various	
	T58	02	Various	
	T59 Chinese	150	71-05-14	
	T59 PMW	10	71-01-53	
	Total	907		

2. Compulsory: Transferred for the purpose of destruction (Article 3 para 2)

Institution Authorized By State	Type	Quantity	Lot # (If possible)	Supplementary Information e.g. transferred from or transferred to
Nil				

3. Voluntary Information (Action #54 of Nairobi Action Plan)

Objectives	Activity /Project	Supplementary information (Description of programs of activities, their objectives and progress, types of mines, time period if and when appropriate...)
<ul style="list-style-type: none"> • To prepare troops proceeding on UN peace-keeping missions • To familiarize Staff College Students in minefield layout and densities • To prepare combat engineers in Mine Warfare 	<ul style="list-style-type: none"> ➤ Mine identification ➤ Detection Technics ➤ Disposal Technics ➤ Minefield Layout ➤ Minefield Marking ➤ Detection Technics ➤ Hand held disposal technics 	Information on the plans requiring the retention of mines for the development of and training in mine-detection, mine clearance, or mine destruction technicians and report on the actual use of retained mines and the result of such use"

Note: Each State Part should provide information on plans and future activities if and when appropriate and reserves the right to modify it at any time

4. Compulsory: Transferred for the purpose of destruction (Article 3 para 2)

Institution Authorized By State	Type	Quantity	Lot # (If possible)	Supplementary Information e.g. transferred from or transferred to
Nil				

Form E Status of programs for conversion or de-commissioning of APM production facilities

Article 7.1 "Each State Party shall report to the Secretary-General ... on: **30th April**

e) The status of programs for the conversion or de-commissioning of anti-personnel mine production facilities."

State [Party]: **Zambia** reporting for time period from **1st January 2025 to 31st December, 2025**

Indicate if "convert" or "decommission"	Status (indicate if "in process" or "completed")	Supplementary information
	Not Applicable	Zambia has never produced Anti-Personnel Mines and therefore does not possess any production facilities

Form F Status of programs for destruction of APMs

Article 7.1 "Each State Party shall report to the Secretary-General ... on/by: **30th April**

f) The status of programs for the destruction of anti-personnel mines in accordance with Articles 4 and 5, including details of the methods which will be used in destruction, the location of all destruction sites and the applicable safety and environmental standards to be observed."

State [Party]: **Zambia** reporting for time period from **1st January 2025 to 31st December, 2025**

1. Status of programs for destruction of APMs in mined areas (Article 4)

Description of the status of programs including: Location of destruction sites:	Details
None	Methods
	Applicable environmental standards

2. Status of programs for destruction of APMs in mined areas (Article 5)

Description of the status of programs including: Location of destruction sites:	Details

Not applicable	Methods
	Applicable environmental standards

Form G APMs destroyed after entry into force

Article 7.1 "Each State Party shall report to the Secretary-General ... on/by **30th April 2026**:

g) The types and quantities of all anti-personnel mines destroyed after the entry into force of this Convention for that State Party, to include a breakdown of the quantity of each type of anti-personnel mine destroyed, in accordance with Articles 4 and 5, respectively, along with, if possible, the lot numbers of each type anti-personnel mine in the case of destruction in accordance with Article 4"

State [Party]: **Zambia** reporting for time period from **1st January 2025 to 31st December, 2025**

1. Destruction of stockpiled APMs (Article 4)

Type	Quantity	Lot # (If possible)	Supplementary information
None			Zambia complied with Article 4 in 2004
Total			

2. Destruction of stockpiled APMs in mined areas (Article 5)

Type	Quantity	Supplementary information
1. Unidentified Munitions	48	According to the National Survey Report of 2009, there were no mine fields in Zambia but that there existed ERWs and Cluster Munition contamination
3 Unidentified explosive objects (UXOs)	151	
Total	199	

3 Previously unknown stockpiles of Anti-Personnel Mines discovered and destroyed after the deadlines have passed (Action #15 of Nairobi Action Plan)

Type	Quantity	Lot # (If possible)	Supplementary information
None			
Total			

Form H Technical characteristics of each type produced/owned or possessed

Article 7.1 "Each State Party shall report to the Secretary-General ... on/by: **30th April**

h) The technical characteristics of each type of anti-personnel mine produced, to the extent known, and those currently owned or possessed by a State Party, giving, where reasonably possible, such categories of information as may facilitate identification and clearance of anti-personnel mines; at a minimum, this information shall include the dimensions, fusing, explosive content, metallic content, color photographs and other information which may facilitate mine clearance"

State [Party]: **Zambia** reporting for time period from **1st January 2025 to 31st December, 2025**

1. Technical characteristics of each APM-type produced

Type	Dimension	Fusing	Explosive Content		Metallic Content	Colour Photo attached	Supplementary information to facilitate mine clearance
			Type	Grams			
Not applicable							Zambia does not produce APMs

1. Technical characteristics of each APM type currently owned or possessed

Type	Dimension	Fusing	Explosive Content		Metallic Content	Colour Photo attached	Supplementary information to facilitate mine clearance
			Type	Grams			
							Zambia does not produce APMs

Form I : Measures to provide warning to the population

Article 7.1 "Each State Party shall report to the Secretary-General ... on: on/by: **30th April**

i) The measures taken to provide an immediate and effective warning to the population in relation to all areas identified under paragraph 2 of Article 5."

Remark: In accordance with Article 5, para.2: "Each State Party shall make every effort to identify all areas under its jurisdiction or control in which anti-personnel mines are known or suspected to be emplaced and shall ensure as soon as possible that all anti-personnel mines in mined areas under its jurisdiction or control are perimeter-marked, monitored and protected by fencing or other means, to

ensure the effective exclusion of civilians, until all antipersonnel mines contained therein have been destroyed. The marking shall at least be to the standards set out in the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby-Traps and Other Devices, as amended on 3 May 1996, annexed to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".

State [Party]: **Zambia** reporting for time period from 1st January 2025 to 31st December, 2025

(Narrative)

Sensitization and Mine Risk Education programmes have continued in an effort to raise awareness among affected communities on the dangers of landmines.

Form J: Other relevant matters

Remark: States Parties may use this form to report voluntarily on other relevant matters, including matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in Article 7. States Parties are encouraged to use this form to report on activities undertaken with respect to Article 6, and in particular to report on assistance provided for the care and rehabilitation, and social and economic reintegration, of mine victims

State [Party]: **Zambia** reporting for time period from 1st January 2025 to 31st December, 2025

(Narrative/ reference to other reports :)

The problem of ERWs is still present. More work needs to be done to sensitize the affected communities about the dangers of ERWs.
