<sup>1</sup> These reporting formats informally provided by Austria on disk are based on document APLC/MSP.1/1999/L.4 of 31 March 1999, as amended and decided upon by the First Meeting of the States Parties to the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction, held in Maputo from 3 to 7 May 1999. Tables of formats may be expanded as desired.

**Form A      National implementation measures**

Article 7.1    "Each State Party shall report to the Secretary-General ... on:  
                  a) The national implementation measures referred to in Article 9."

*Remark:* In accordance with Article 9, "Each State Party shall take all appropriate legal, administrative and other measures, including the imposition of penal sanctions, to prevent and suppress any activity prohibited to a State Party under this Convention undertaken by persons or on territory under its jurisdiction or control".

State [Party]:    Denmark                      reporting for time period from    01/04/2012                      to    31/03/2013

| Measures                              | Supplementary information (e.g., effective date of implementation & text of legislation attached). |
|---------------------------------------|--|
| No changes (se submission 31/03/2012) |  |

**Form B      Stockpiled anti-personnel mines**

Article 7. 1    "Each State Party shall report to the Secretary-General ... on:

b) The total of all stockpiled anti-personnel mines owned or possessed by it, or under its jurisdiction or control, to include a breakdown of the type, quantity and, if possible, lot numbers of each type of anti-personnel mine stockpiled."

State [Party]:    Denmark                      reporting for time period from    01/04/2012                      to    31/03/2013

| Type     | Quantity | Lot # (if possible) | Supplementary information  |
|----------|----------|---------------------|--|
| APM M/56 | 57       | 508-AMA-81          | Engineer Regiment-Army Engineer and CBRN Centre: 2 EA<br>Air Force/Command and Support School: 40 EA<br>Ammunition and Small Arms Branch/Defence Depot Area, Depot Grib Skov: 15 EA                          |
| APM M/58 | 1775     | E-AAR-1-30          | Air Force/Command and Support School: 40 EA<br>Air Force/Combat Support Wing: 5 EA<br>Ammunition and Small Arms Branch/Defence Depot Area, Depot Grib Skov: 1699 EA<br>Defence Depot Area, Depot Skive 31 EA |
|          |          |                     |  |
| TOTAL    | 1832     |                     |  |

**Form C      Location of mined areas**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:

c) To the extent possible, the location of all mined areas that contain, or are suspected to contain, anti-personnel mines under its jurisdiction or control, to include as much detail as possible regarding the type and quantity of each type of anti-personnel mine in each mined area and when they were emplaced."

State [Party]:      Denmark      reporting for time period from      01/04/2012      to      31/03/2013

1. Areas that contain mines\*

| Location | Type | Quantity | Date of emplacement | Supplementary information                        |
|----------|------|----------|---------------------|--|
| None     |      |          |                     | Minefield "Skallingen" has been cleared by 2012. |
|          |      |          |                     |  |

2. Areas suspected to contain mines\*

| Location | Type | Quantity | Date of emplacement | Supplementary information |
|----------|------|----------|---------------------|---------------------------|
| None     |      |          |                     |                           |
|          |      |          |                     |                           |

\* If necessary, a separate table for each mined area may be provided

**Form D      APMs retained or transferred**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:

d) The types, quantities and, if possible, lot numbers of all anti-personnel mines retained or transferred for the development of and training in mine detection, mine clearance or mine destruction techniques, or transferred for the purpose of destruction, as well as the institutions authorized by a State Party to retain or transfer anti-personnel mines, in accordance with Article 3"

State [Party]:      Denmark      reporting for time period from      01/04/2012      to      31/03/2013

1a. **Compulsory:** Retained for development of and training in (Article 3, para.1)

| Institution authorized by State Party                 | Type            | Quantity    | Lot # (if possible) | Supplementary information   |
|---|-----------------|-------------|---------------------|---|
| <b>Defence Acquisition and Logistics Organisation</b> | <b>APM M/56</b> | <b>57</b>   | <b>508-AMA-81</b>   | <b>Used for research and development by Danish Defense Research Establishment</b> |
|   | <b>APM M/58</b> | <b>1775</b> | <b>E-AAR-1-30</b>   | <b>Used for training in mine detection</b>  |
| <b>TOTAL</b>  | -----           | <b>1832</b> |                     |   |

1b. **Voluntary information** (Action #54 Nairobi Action Plan)

| Objectives | Activity / Project | Supplementary information  |
|------------|--------------------|--|
|            |                    | "Information on the plans requiring the retention of mines for the development of and training in mine detection, mine clearance, or mine destruction techniques and report on the actual use of retained mines and the results of such use" |

NOTE: Each State Party should provide information on plans and future activities if and when appropriate and reserves the right to modify it at any time

**Form D** (continued)

2. **Compulsory:** Transferred for development of and training in (Article 3, para.1)

| Institution authorized by State Party | Type  | Quantity   | Lot # (if possible) | Supplementary information:<br>e.g. transferred from, transferred to |
|---------------------------------------|-------|------------|---------------------|---|
| <b>Defense Command Denmark</b>        |       | <b>NIL</b> |                     |   |
| <b>TOTAL</b>                          | ----- | <b>NIL</b> |                     |   |

3. **Compulsory:** Transferred for the purpose of destruction (Article 3, para.2)

| Institution authorized by State Party        | Type  | Quantity | Lot # (if possible) | Supplementary information:<br>e.g. transferred from, transferred to |
|--|-------|----------|---------------------|---|
| <b>No change (See submission 31/03/2012)</b> |       |          |                     |   |
|  |       |          |                     |   |
| <b>TOTAL</b>                                 | ----- |          |                     |   |

**Form E      Status of programs for conversion or de-commissioning of APM production facilities**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:  
                    e) "The status of programs for the conversion or de-commissioning of anti-personnel mine production facilities."

State [Party]:      Denmark                      reporting for time period from      01/04/2012              to      31/03/2013

| Indicate if to "convert" or "decommission" | Status (indicate if "in process" or "completed") | Supplementary information                     |
|--|--|---|
|  |  | <b>No changes (see submission 31/03/2012)</b> |
|  |  |   |

**Form F      Status of programs for destruction of APMs**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:  
f) The status of programs for the destruction of anti-personnel mines in accordance with Articles 4 and 5,  
including details of the methods which will be used in destruction, the location of all destruction sites and the  
applicable safety and environmental standards to be observed."

State [Party]:      Denmark      reporting for time period from      01/04/2012      to      31/03/2013

1. Status of programs for destruction of stockpiled APMs (Article 4)

|   |                                    |
|---|------------------------------------|
| Description of the status of programs including:                                | Details of:                        |
| Location of destruction sites:<br><b>No changes (see submission 31/03/2012)</b> |                                    |
|   | Methods                            |
|   | Applicable safety standards        |
|   | Applicable environmental standards |

2. Status of programs for destruction of APMs in mined areas (Article 5)

|  |                                    |
|--|------------------------------------|
| Discription of the status of programs including:                               | Details of:                        |
| Location of destruction sites<br><b>No changes (see submission 31/03/2012)</b> |                                    |
|  | Methods                            |
|  | Applicable safety standards        |
|  | Applicable environmental standards |

**Form G      APMs destroyed after entry into force**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:

g) The types and quantities of all anti-personnel mines destroyed after the entry into force of this Convention for that State Party, to include a breakdown of the quantity of each type of anti-personnel mine destroyed, in accordance with Articles 4 and 5, respectively, along with, if possible, the lot numbers of each type anti-personnel mine in the case of destruction in accordance with Article 4"

State [Party]:      Denmark      reporting for time period from      01/04/2012      to      31/03/2013

1. Destruction of stockpiled APMs (Article 4)

| Type     | Quantity | Lot # (if possible) | Supplementary information                          |
|----------|----------|---------------------|--|
| APM M/47 | 97095    |                     |  |
| APM M/56 | 102375   |                     |  |
| APM M/58 | 57378    | E-AAR-1-30          | 47 EA Destroyed and used for instructional purpose |
| APM M/66 | 12770    |                     |  |
| TOTAL    | 269618   |                     |  |

2. Destruction of APMs in mined areas (Article 5)

| Type  | Quantity | Supplementary information |
|-------|----------|---------------------------|
|       | None     |                           |
|       |          |                           |
| TOTAL | None     |                           |

**Form H      Technical characteristics of each type produced/owned or possessed**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:

h) The technical characteristics of each type of anti-personnel mine produced, to the extent known, and those currently owned or possessed by a State Party, giving, where reasonably possible, such categories of information as may facilitate identification and clearance of anti-personnel mines; at a minimum, this information shall include the dimensions, fusing, explosive content, metallic content, colour photographs and other information which may facilitate mine clearance"

State [Party]:      Denmark      reporting for time period from      01/04/2012      to      31/03/2013

1. Technical characteristics of each APM-type produced

| Type             | Dimensions | Fusing                                       | Explosive content |       | Metallic content | Colour photo attached | Supplementary information to facilitate mine clearance. |
|------------------|------------|--|-------------------|-------|------------------|-----------------------|---|
|                  |            |  | type              | grams |                  |                       |   |
| <b>No change</b> |            | <b>No change (see submission 31/03/2012)</b> |                   |       |                  |                       |   |
|                  |            |  |                   |       |                  |                       |   |

2. Technical characteristics of each APM-type currently owned or possessed

| Type             | Dimensions | Fusing                                       | Explosive content |       | Metallic content | Colour photo attached | Supplementary information to facilitate mine clearance. |
|------------------|------------|--|-------------------|-------|------------------|-----------------------|---|
|                  |            |  | type              | grams |                  |                       |   |
| <b>No change</b> |            | <b>No change (see submission 31/03/2012)</b> |                   |       |                  |                       |   |
|                  |            |  |                   |       |                  |                       |   |

**Form I      Measures to provide warning to the population**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:

- i) The measures taken to provide an immediate and effective warning to the population in relation to all areas identified under paragraph 2 of Article 5."

*Remark:* In accordance with Article 5, para.2: "Each State Party shall make every effort to identify all areas under its jurisdiction or control in which anti-personnel mines are known or suspected to be emplaced and shall ensure as soon as possible that all anti-personnel mines in mined areas under its jurisdiction or control are perimeter-marked, monitored and protected by fencing or other means, to ensure the effective exclusion of civilians, until all anti-personnel mines contained therein have been destroyed. The marking shall at least be to the standards set out in the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby-Traps and Other Devices, as amended on 3 May 1996, annexed to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".

State [Party]:      Denmark      reporting for time period from      01/04/2012      to      31/03/2013

[Narrative:]  
**None**

**Form J. Other relevant matters**

*Remark:* States Parties may use this form to report voluntarily on other relevant matters, including matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in Article 7. States Parties are encouraged to use this form to report on activities undertaken with respect to Article 6, and in particular to report on assistance provided for the care and rehabilitation, and social and economic reintegration, of mine victims.

State [Party]: Denmark reporting for time period from 01/04/2012 to 31/03/2013

[Narrative:]

- a. Tripwires and tripwire devices have been removed from Danish Claymore Mines and subsequently replaced by electric detonators whereby the mines only can be activated on command.**
- b. The small Danish stock of APM is intended for demonstration and training purpose.**
- **A demonstration of the effect of APM is given all recruits during the training.**
  - **During training of Engineer units for international tasks, Instructors in mine awareness are trained to handle APM.**
  - **During training of Ammunition Clearing Units APM are used for training in ammunition dismantling.**
  - **APM is not used for the purpose of training in mine laying.**
