State [Party]: ESTONIA reporting for time period from 01.01.2014 to 31.12.2014

[Narrative / reference to other reports:]

Estonia continues to contribute financially to the United Nations Voluntary Trust Fund for Mine Action. The amount of contributions to date is 120 042 USD. In 2014 Estonia allocated 20 000 USD to the Voluntary Trust Fund for Assistance in Mine Action for the mine action activities in Gaza.

During 2014, the Explosive Ordnance Disposal (EOD) Centerⁱ conducted Mine Awareness and Remnants of War familiarization and identification training to approximately 28,700 people, thereby addressing some 13,200 adults and 15,500 school children. The Center's four regional bomb groups addressed the people via 202 events (training, prevention, study days, public events) that separately included 89 schools.

The EOD Center also conducted in 2014 the destruction of 3627 unexploded ordnance, which amongst other included: 1794 shells, 744 mortar mines, 804 grenades, 55 airplane bombs, 16 anti-tank mines and 32 anti-personnel mines.

From 2009-2013, Estonia was among the lead nations for NATO/PfP Trust Fund project on ERW including anti-personnel land mines' clearance and medical rehabilitation support to Georgia (NATO/PfP Georgia III Trust Fund). The objectives of the project were the development and enhancement of Georgia's Explosive Ordnance Disposal (EOD) capacity, through the provision of specialist EOD equipment and training to the Georgian Armed Forces and the provision of the establishment of a physical rehabilitation centre at the Military Hospital in Gori. Estonia's contribution to the Trust Fund was EUR 136,667. In 2013, a continual project was launched to the previous NATO/PfP Trust Funds. The objective of the NATO/PfP Trust Fund project is EOD clearance at the former SKRA ammunition depot and further development training to the previously trained EOD Company. Estonia's contribution to the Trust Fund to the date of the reporting is EUR 100,000.

ⁱ The Center, established in 1992 and consisting of four regionally located Bomb Groups, is subordinate to the Estonian Rescue Board (under the direction of the Ministry of Internal Affairs) and conducts civilian EOD operations and provides related training. Estonian EOD personnel have contributed to humanitarian demining operations in Afghanistan, and continue to conduct operations at home, in accordance with NATO and IMSMA standards.
