Information Management

As a Mechanism for Integration

IMSMA

Integration of Mine Action and role of IMSMA in a new Programme

Information Management System for Mine Action (IMSMA) Field Module (Version 1)

IMSMA *Field Module*

2 Components

- MS Access 97 Database
- ArcView 3.1 Geographic Information System (GIS)
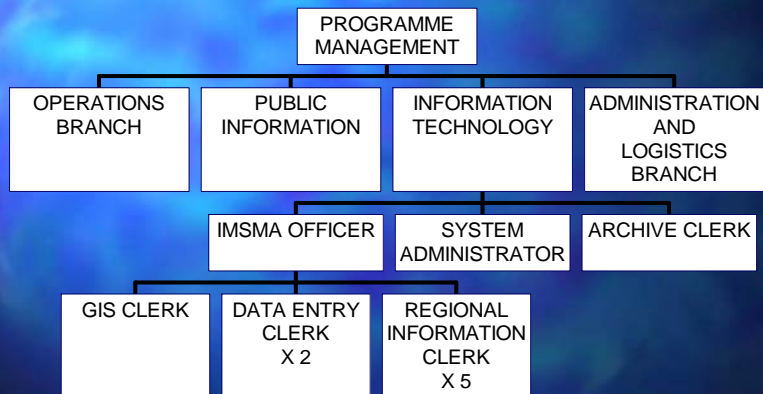

Levels of Information Management

Strategic	- Planning
Operational	- Programme Management
Tactical	- Integration of Mine Action Activities (Clearance, Awareness and Victim Assistance)

# How Information is managed within the UNMIK Mine Action Programme

---

IMSMA is the only Mine Information System in the Province

- MACC
- KFOR
- ICRC
- NGO
- Humanitarian Agencies

UNMIK MACC Kosovo
