Background

1. At the 2001 Third Meeting of the States Parties (3MSP), the States Parties endorsed the President’s Paper on the Establishment of the Implementation Support Unit (ISU) and mandated the Geneva International Centre for Humanitarian Demining (GICHD) to establish the ISU. The 3MSP also encouraged States Parties in a position to do so to make voluntary contributions to support of the ISU. In addition, the States Parties mandated the President of the 3MSP, in consultation with the Coordinating Committee, to finalise an agreement between the States Parties and the GICHD on the functioning of the ISU. The GICHD’s Council of Foundation accepted this mandate on 28 September 2001.

2. At the 2010 Tenth Meeting of the States Parties, the States Parties endorsed the final report of the ISU Task Force and, in doing so, adopted the Directive from the States Parties to the ISU, ensuring that the ISU is directly responsible to the States Parties while it continues to be hosted by the GICHD. In taking these actions, the States Parties agreed that the ISU would “report in written form as well as orally on the activities, functioning and finances of the ISU to each Meeting of the States Parties or Review Conference, and to informal meetings under the Convention as appropriate.” In addition, the States Parties agreed that “an audited Annual Financial Report (...) for the previous year and a preliminary Annual Financial Report for the present year shall be submitted by the ISU to the Coordinating Committee and subsequently to each Meeting of the States Parties or Review Conferences for approval.”

3. At the 2015 Fourteenth Meeting of the States Parties (14MSP) the States Parties adopted the Implementation Support Unit Work Plan and Budget 2016-2019. Furthermore, the 14MSP adopted a Decision on strengthening financial governance and transparency within the ISU which, in part, established a financial security buffer and measures related to the management of expenditures related to core support of the ISU and of the financial security buffer.

4. The Decision on strengthening financial governance and transparency within the ISU also established that early in each year a conference of States Parties shall be held to collect pledges and contributions in order to obtain an overview of funds that can be expected for the current year as well as for the foreseeable period.

6. As of 30 October 2017, contributions have been received from the following 19 States Parties – Australia, Austria, Croatia, Czech Republic, Finland, Hungary, Indonesia, Ireland, Japan, Jordan, Mozambique, Netherlands, New Zealand, Philippines, Sweden, Switzerland, Thailand, Turkey and the United Kingdom. In addition to these contributions, additional States Parties pledged support to the ISU during the pledging conference held on 28 February 2017.

Finances:

Implementation Support Unit Work Plan and Budget 2017

53. The ISU’s 2017 work plan projects expenditures for core support in 2017 totalling CHF 515’429. As of 30 October 2017, the ISU received contributions to its work plan totalling CHF 571’323 from the following 19 States Parties: Australia, Austria, Croatia, Czech Republic, Finland, Hungary, Indonesia, Ireland, Japan, Jordan, Mozambique, Netherlands, New Zealand, Philippines, Sweden, Switzerland, Thailand, Turkey and the United Kingdom. (See Table 1). In addition to these contributions, CHF 13’315 was carried over from 2016. Expenses as of 15 November 2017 total CHF 408’156 (See Table 2).

54. In accordance with the “Decision on strengthening financial governance and transparency within the ISU”, over the course of the first half of 2017, the ISU presented quarterly reports to the Coordinating Committee on finances and activities related to the implementation of the ISU’s 2017 work plan.

Financial Security Buffer

55. Concerning the establishment of a Financial Security Buffer, the “Decision on strengthening financial governance and transparency within the ISU” indicates that the budgetary estimates of the first four-year work plan and the yearly budget for 2016 shall provide for the gradual build-up of a financial security buffer of an amount equivalent to one year of ISU expenditures related to core support with the objective of reaching the desired level during a transition period that

---

closes in the year 2019. At present, the financial security buffer has received contributions totalling \textbf{CHF 384'521} from the following four States Parties: Belgium, Estonia, the Netherlands and Switzerland (See Table 3).

56. Additionally, the “Decision on strengthening financial governance and transparency within the ISU” indicates that shortly after the closure of the accounts of a given year, the ISU shall provide the Coordination Committee with the financial situation resulting from the implementation of the yearly budget of the preceding year. When contributions have covered the expenditures related to core support provided for in that budget and leave a surplus, that surplus shall be provisionally placed in the financial security buffer. Over the course of 2016, the ISU communicated with contributors to inquire about the use of their contribution in order to prepare for a possible surplus. Based on the results of these discussions and information provided by contributing States Parties, the surplus which was provisionally placed in the financial security buffer at the end of 2016 totalled \textbf{CHF 225'440}. (See Table 3).

57. The decision further indicates that, at the next occasion, as part of the yearly budget approval process, the Meeting of the States Parties or the Review Conference shall decide on how to apportion the surplus. The decision also indicates that expenditures related to enhanced support can be financed from surplus financial means not needed for the financial security buffer if the Meeting of the States Parties or the Review Conference so decides in the course of the yearly budget approval process.
