## Note:

1. Destruction of dangerous explosive items detected (identified) by non-governmental organizations will be carried out by demining units of the Armed Forces of Ukraine.
2. Demining activities are carried out only on sites located outside the areas of troops (forces) location and elements of the barrier system. All works must be coordinated with the Headquarters of the Joint Forces Operation.
3. Organizations involved in the implementation of measures of the Plan are obliged to mark the perimeters of the areas, assigned to them for work, using the long-term marking system, as well as to maintain fencing.
4. Distribution of the sites and the priority of the work may vary depending on the situation in the areas, identified in the Plan, as well as taking into account other factors that may affect the fulfillment of tasks.

## Note:

1. Non-technical survey is carried out by all organizations in the areas of humanitarian demining in accordance with the previously established order.
2. Non-technical survey is carried out only outside the areas of troops (forces) location and elements of the barrier systems. All works must be coordinated with the Joint Forces Operation Headquarters.
3. The distribution of sites may vary depending on the situation prevailing in the areas identified in the Plan, as well as taking into account other factors that may affect the performance of tasks;
4. Areas in which the State Emergency Service of Ukraine's units cannot carry out non-technical survey because of conducting of the Joint Forces Operation by the Armed Forces and other military units shall be determined by the Joint Forces Operation Headquarters.
