

## PRELIMINARY MID-TERM ASSESMENT

### UGANDA

#### STATUS OF IMPLEMENTATION – VICTIM ASSISTANCE

##### COMMITTEE ON VICTIM ASSISTANCE

(Algeria, Ecuador, Italy and Uganda)

Intersessional Meetings

20-22 June 2022

1. The Committee welcomes the submission by Uganda of updated information on its victim assistance activities.
2. Based on the information provided, the Committee presents the following preliminary observations.

##### **Mine casualties**

3. Uganda reported that there are approximately 2,500 mine victims, and that data on casualty is not collected anymore.
4. The Committee encourages Uganda to identify the mine victims, including their needs and challenges they face, as well as indirect mine victims, such as affected families.

##### **VICTIM ASSISTANCE ACTIONS:**

##### **Strengthen partnerships and integrate victim assistance into broader national policies, plans and legal frameworks and designation of a government entity to oversee the integration (Actions #1, #6 and #33)**

5. Uganda reported that the Department of Disability and Elderly in the Ministry of Gender, Labour and Social Development (MGLSD) coordinates victim assistance activities.
6. Uganda reported adopting a Persons with Disabilities Act in 2020 to improve the human rights of for persons with disabilities. It contains penalty in case of violations of the rights of persons with disabilities. Uganda also reported that victim assistance has been taken into consideration in the National Policy on Disability, which is being revised in accordance with the 2020 Act.

##### **Develop and implement measurable, realistic and time-bound national action plan (Actions #2 and #33)**

7. Uganda reported on implementing a national action plan on disabilities that includes victim assistance commitments.
8. The Committee would welcome an update on implementation of the national action plan, in relation to achieving the objectives of the OAP on victim assistance.

##### **Removing barriers including physical, social, cultural, political, attitudinal and communication barriers to access such services (Action #33)**

9. The Committee welcomes Uganda to report on efforts in lifting barriers, including physical, social, cultural, political, attitudinal and communication obstacles that hinder participation and inclusion of mine victims.

**Applying multi-sectoral efforts to ensure that the needs and rights of mine victims are effectively addressed in line with the Convention on the Rights of Persons with Disabilities (Action #34)**

10. Uganda reported taking an inclusive approach in ensuring that all persons with disabilities including mine survivors, have access to services on equal basis with others.
11. Uganda reported that the MGLSD's National Technical Working Committee on disability draws membership from ministries of health, education, public service, justice and constitutional affairs, the national union of persons with disabilities and the national council for persons with disabilities, among others. This enables mainstreaming disability issues in different plans and programmes of different departments, ministries and agencies.
12. Also, Uganda reported the following developments:
- the National Policy on Disability that contains issues such as health, employment, and education for all persons with disabilities, including mine survivors, was being revised;
  - a specific policy on inclusive education was being finalised; and
  - the Equal Opportunities Policy was being revised to ensure that it includes all the issues and needs of all persons with disabilities especially the gender and equity issues.

13. The Committee would welcome information on alignment of efforts to assist mine victims with the provisions of the Convention on the Rights of Persons with Disabilities (CRPD).

**Establish or strengthen of a centralised database / national information management system (Actions #9 and #35)**

14. Uganda reported that a disability management information was being developed by the MGLSD, that will start with the beneficiaries of the National Special Grant which is an economic empowerment program for all persons with disabilities, and that it is envisaged to capture information on all persons with disabilities, disaggregated by age, gender, type of disability and cause of disability.

**Access to first aid and ongoing emergency medical care (Action #36)**

15. Uganda reported that casualties occur rarely and in case of casualties, available healthcare centres at community level provide first aid. Uganda reported that ongoing medical care is available but due to shortages of equipment and facilities, healthcare efforts are affected.

**Developing national referral mechanism (Action #37)**

16. Uganda reported on availability of a referral mechanism, but challenges such as shortages of ambulances, medication and costs affect the referral.
17. The Committee would welcome information on the existence of directory of services to facilitate access to services.

**Access to rehabilitation services including physiotherapy, assistive devices and occupational therapy (Action #38)**

18. Uganda reported on availability of rehabilitation services including physiotherapy and occupational therapy. Uganda reported that in 2021, the President of Uganda directed the Ministry of Health to re-equip orthopaedic workshops across the country to increase the provision of assistive devices at low or no cost, in line with Uganda's commitments announced at the global disability summit in 2022.

**Access to psychological and psychosocial services including peer-to-peer support (Action #38)**

19. The Committee welcomes Uganda to provide information on availability of peer counselling and the integration peer to peer support into health systems.

**Access to social and economic inclusion services, including in rural and remote areas (Action #39)**

20. Uganda reported on availability of inclusive socioeconomic services, including:

- The capacity building as well physical, social, cultural, political, and attitudinal and communication actions and programs are done with the disability lens. Uganda for example has political representation of persons with disabilities at all levels of administration i.e., from community level to national level;
- The National Special Grant for Persons with Disabilities is one of the economic empowerment programmes that was put in place in the financial year 2019/2020, provided to over 26,000 Ugandans with disabilities, including mine survivors;
- The Community Based Rehabilitation (CBR) programme which looks at equalization of opportunities for persons with disabilities in their communities is another government intervention being implemented in Uganda;
- Other government economic empowerment include: the Senior Citizens Grant for Empowerment Programme, the Uganda Women Entrepreneurship Programme, as well as the Youth Livelihood Programme and the newly launched Parish Development Model, with 10% funding set aside for persons with disabilities; and
- All the programmes target Ugandans from the grass root levels and most of the beneficiaries are in rural areas, who include mine victims and other persons with disabilities.

**Taking measure for safety and protection of mine survivors in situations of risks and emergencies (Action #40)**

21. Uganda reported that in 2022 the government through the office of the prime minister pledged to conduct a needs assessment for persons with disabilities including mine victims and to develop disability inclusive disaster reduction policy so as to domesticate the Sendai framework by 2024.

**Strengthening inclusion and participation of mine victims and their representative organisations in all matters that affect them (Actions #4 and #41)**

22. Uganda reported that mine survivors and their representative organizations are included in relevant policies programmes, including through their members of the national technical working committee on disabilities.

### **CROSS-CUTTING ACTIONS:**

#### **Demonstrate high levels of national ownership, including [...] by making financial and other commitments to implementation (Action #1)**

23. Uganda reported that the government is committed to improving an inclusive approach to ensure meeting the needs of mine survivors and persons with disabilities on equal basis with others.
24. The Committee would welcome information on national financial commitments Uganda has made to support the implementation of victim assistance.

#### **Ensure that the different needs and perspectives of women, girls, boys and men are considered (Action #3)**

25. Uganda reported that gender and diverse needs of persons with disabilities are taken into account in relevant policies and programmes, including by the Equal Opportunities Commission mandated to work with and monitor the activities of all ministries, departments and agencies for the equity and gender compliance and to ensure that the gender and disability specific needs are given attention during implementation of different activities.

#### **Challenges in implementation of Victim assistance Commitments (Action #8)**

26. Uganda reported challenges in areas of healthcare and rehabilitation and shortages of financial resources affect provision of services to persons with disabilities including mine victims.
27. The Committee would welcome information on how the international community including the Committee on Victim Assistance can assist Uganda to fulfil its victim assistance commitments under the Convention and the OAP.
