

PRELIMINARY OBSERVATION

ALBANIA

STATUS OF IMPLEMENTATION – VICTIM ASSISTANCE

COMMITTEE ON VICTIM ASSISTANCE

(Italy, Slovenia, Uganda (Chair) and Zambia)

Intersessional Meetings

19-21 June 2023

1. The Committee welcomes the submission by Albania of updated information on its victim assistance activities.
2. Based on the information provided, the Committee presents the following preliminary observations.

Mine casualties

3. Albania did not report casualty in 2022, neither in 2021 nor in 2020. The Committee recalls that in 2019, Albania reported a total of 1,003 mine victims and that the data was disaggregated by age and gender.
4. The Committee would welcome an update - disaggregated by gender, age and disability - on all mine casualties registered in Albania.

VICTIM ASSISTANCE ACTIONS:

Strengthen partnerships and integrate victim assistance into broader national policies, plans and legal frameworks and designation of a government entity to oversee the integration (Action #33 and also Actions #1 and #6)

5. Albania reported that the Ministry of Health and Social Protection (MOHSP) is responsible for integration of victim assistance into broader frameworks.

Develop and implement measurable, realistic and time-bound national action plan (Action #33 and Action #2)

6. The Committee recalls that in 2022, Albania reported having developed a National Action Plan for Persons with Disability for the period of 2021-2025, in accordance with the Law (No. 93/2014) “On the Inclusion of and Access for People with Disabilities,” which is aligned with Convention on the Rights of Persons with Disabilities (CRPD’s) principles and definitions.

7. The Committee welcomes information from Albania on the place of victim assistance in the National Action Plan for Persons with Disabilities.

Removing barriers including physical, social, cultural, political, attitudinal and communication barriers to access such services (Action #33)

8. Albania reported that in accordance with Law No. 93/2014 “On Inclusion and Accessibility of Persons with Disabilities”, multi-sectoral and coordination are required to ensure the inclusion of persons with disabilities in all areas of life.

9. Albania reported improvements in accessibility of central and local government infrastructures, where local plans for accessibility of services and inclusion of persons with disabilities were being implemented.

Applying multi-sectoral efforts to ensure that the needs and rights of mine victims are effectively addressed in line with the Convention on the Rights of Persons with Disabilities (Action #34)

10. Albania reported that the MOHSP works in collaboration with relevant institutions, persons with disabilities and civil society organisations to implement victim assistance, and that the National Action Plan for Persons with Disabilities is developed in line with the CRPD.

11. Albania reported that as per national Law No. 57/2019 “On Social Assistance in the Republic of Albania” and national Law No. 121/2016 “On Social Care Services in the Republic of Albania” includes the needs of persons with disabilities and that the latter requires all municipalities to draft Social Plans, conduct needs analysis for social integrated services in the community and, to identify vulnerable groups and services required.

Establish or strengthen of a centralised database / national information management system (Action #35 and also Action #9)

12. The Committee would welcome information on the availability of, or plan to establish a national centralised database to consolidate and maintain information on mine victims and others, such as persons with disabilities, and to make information on mine victims available to relevant stakeholders.

Access to first aid and ongoing emergency medical care (Action #36)

13. Albania reported that the MOHPS provides universal health coverage for all categories of population without any discrimination and that national Law No. 10107 guarantees access to health care for all. Albania reported that the National Health Strategy 2021-2030 “On the approval of National Strategy for Health” aims to provide health services, accessible and affordable for the entire Albanian population, and that the National Primary Health Care Strategy 2020-2025 has been developed to increase the coverage of primary health care services, supporting persons with disabilities and addressing needs and requirements for health services.

Developing national referral mechanism (Action #37)

14. The Committee would welcome information on existing national referral mechanisms and national directory of services to facilitate access to services.

Access to rehabilitation services including physiotherapy, assistive devices and occupational therapy (Action #38)

15. Albania reported that the MOHPS has continued carrying out improvements to health care facilities and infrastructures through reconstruction [refurbishment] of 340 healthcare centres, hospitals and polyclinics and improved infrastructure in primary health care. Albania indicates that this has been accompanied by accreditation of more than 260 health institutions.

16. Albania reported that the Trauma University Hospital in Tirana and the Regional Hospital in Kukes also provide rehabilitation services.

17. The Committee recalls that in 2022 Albania reported that the Medical University of Tirana was conducting a study on physiotherapy through its Faculty of Medical Sciences. The Committee would welcome further information on the results of the study and efforts made thereafter to improve physiotherapy services.

Access to psychological and psychosocial services including peer-to-peer support (Action #38)

18. Albania reported that the MOHPS, in collaboration with its partners such as the UNDP, Caritas Albania and Albanian Red Cross, carried out efforts to strengthen resilience among persons with disabilities, by enhancing mental health and psychosocial healthcare.

19. The Committee would welcome further information on availability of peer-to-peer support, and its integration into healthcare systems.

Access to social and economic inclusion services, including in rural and remote areas (Action #39)

20. The Committee welcomes Albania to provide information on efforts to improve access for mine victims to social economic inclusion services, including in remote and rural areas.

Taking measure for safety and protection of mine survivors in situations of risks and emergencies (Action #40)

21. The Committee would welcome information on efforts made to ensure the safety and protection of mine survivors in situations of risks and humanitarian emergencies in Albania.

Strengthening inclusion and participation of mine victims and their representative organisations in all matters that affect them (Action #41 and also Action #4)

22. The Committee recalls that in 2022, Albania reported that persons with disabilities and other civil society organisations were consulted in drafting and developing a National Action Plan for Persons with Disabilities, and their needs were considered with specific measures included in the plan.

CROSS - CUTTING ACTIONS:

Demonstrate high levels of national ownership, including [...] by making financial and other commitments to implementation (Action #1)

1. The Committee would welcome information on national commitments including allocation of financial resources by the Government of Albania for victim assistance implementation.

Ensure that the different needs and perspectives of women, girls, boys and men are considered (Action #3)

2. The Committee would welcome information on consideration of gender and diverse needs and experience of mine victims in relevant policies and programmes, including in the National Action Plan for Persons with Disability for the period of 2021-2025.

Challenges in implementation of Victim Assistance Commitments (Action #8)

3. The Committee notes that Albania had reported several challenges facing its victim assistance activities, such as the followings:

- although persons with disabilities benefit from the coverage of medical insurance, but they encounter difficulties due to insufficient assistive technologies; and
 - 61 municipalities have developed social plans, supported by UNDP, but the plans do not include comprehensive measures for persons with disabilities.
4. The Committee would welcome an update on challenges to be addressed and on progress made in overcoming the above challenges.
 5. The Committee would also welcome information on how the international community including the Committee on Victim Assistance can support Albania to fulfil its victim assistance commitments under the Convention and the OAP.
