Why It Is Necessary To Strengthen The Role of National Organizations in The Delivery of Mine Risk Education.

- **Local Knowledge & Context**
 - Understand cultures, languages, customs
 - Can tailor messages to resonate locally
 - Increases likelihood of behavioral change

Why It Is Necessary

- **Accessibility & Reach**

- Better placed to access marginalized groups
- Familiarity with local terrain and logistics
- Can penetrate hard-to-reach areas

Why It Is Necessary

- **Sustainable Engagement**

- Long-term community relationships
- Sustained support even after international actors leave
- Ongoing access and assistance for at-risk groups

Why It Is Necessary

- **Cost Effectiveness**

- Lower operational costs
- Leverage in-country infrastructure & resources
- Deliver greater impact with limited funding

How It Can Be Enhanced

- Strengthening partnerships
- Strategic advocacy
- Long-term engagements

A black and white photograph of a modern building with a glass and steel facade. The building is viewed from a low angle, looking up. The sky is overcast. A dark blue rectangular box is overlaid on the image, containing the text 'Thank you' and a URL.

Thank you
