

**REPUBLIC OF ANGOLA
NATIONAL MINE ACTION AGENCY
ANAM**

VICTIM ASSISTANCE

Intersessional Meetings

Geneva, 17 - 20 June 2025

VICTIM ASSISTANCE

Implementation of the **Republic of Angola's** commitments under the Siem Reap-Angkor Action Plan (SRAAP), particularly Actions 30 - 39

Focal Point - **ANAM** responsible for **coordinating** victim assistance as part of the Mine Action Programme in Angola, (*Action 30*).

ANAM supervises and advocates to improve the integration of victims in order to safeguard their rights, well-being and sustainability.

Victim Assistance has been integrated into national **policies and plans** on health, human rights, education, disability, gender and diversity, labour, poverty reduction and social protection.

KEY PARTNERS

ANAM holds regular **coordination** meetings with **public institutions and other partners** working in the various fields, ensuring that the needs and rights of victims are effectively taken into consideration.

(Action 31)

CHALLENGES

- Understanding the real situation of all victims and their families at national level (IMSMA Core);
- Development of the National Action Plan for Victim Assistance and its effective implementation;
- Engagement of all partners in favor of sustained victim assistance;
- Institutional capacity building and strengthening the capacities of partners and NGOs in general;
- Reinforcement of the ISU's cooperation on Victim Assistance with the National Authority and its partners;
- Mobilization of financial resources.

THANK YOU!
